You will receive your aid at the beginning of summer term. Summer semester divides into different sessions. If you do not complete your course(s) in the second session, you may be required to repay some or all of your financial aid.

- I understand that I will have to return summer financial aid if I do not establish eligibility by participating academically in all my courses through July 3. (I may be required to document academic participation for classes dropped after July 3.)
- Even after establishing eligibility, I understand that if I drop, withdraw from, or fail any summer courses, I may still be required to pay back some or all of my summer financial aid.
- I understand that if the school cancels a summer course, I may be required to return some or all of my summer financial aid unless I can add another eligible course by July 3.
- I understand that I have to repay unearned financial aid to USU before I can register for future terms, receive my academic transcript, etc. I understand that failure to repay USU may result in collections and garnishment.
